

# PENNLOCK

## SECURE PATCH

LOCK THE RF-ID LAUNDRYCHIP  
TO YOUR GARMENTS

IMPRINT WITH YOUR LOGO!

**Whether your laundry operation is manual or equipped with automatic clean or soil sorting, PennLock works to provide these benefits:**

- Labor saving through fast reading process.
- Enhances customer credibility through better garment tracking.
- Unbeatable increase in productivity.
- Tracking of each single garment at any time.
- Equal wear and tear of garments through easy rotation control.
- Faster and better customer service.
- No more errors on deliveries.
- For plants with automatic soil and clean sorting, chips and PennLock work to provide more efficient operation, and an increase in productivity while human errors are avoided.
