

# PENN PVC vs SILICONE

## PVC

## SILICONE

PennPVC emblems provide a modern, **2D and 3D dimension** to garments, hats, and bags. PVC **never fades, cracks, or peels**, maintaining clarity and detail. These emblems are **removable, flexible, and water proof**. It is also offered as Glow in the Dark.

Silicone emblems and Transfers are one of the most trending design techniques. It is offered as a screen printed transfer, a molded 3D appliqué, or as separated elements to replace embroidery. These flexible, smooth emblems are durable in harsh conditions and never fade over time.
